About Us

Lamitdors and Veneers is the manufacturer of world class membrance doors at International standards with optimum customer staisfaction. As we are committed and innovative manufacturer and supplier we offer the best quality products in a very attractive pricing ever possible.

We offer Lamitdor Membrane Doors, using scratch resistant PVC foil, ranging from single & elegant to intricate and stylish patters and these are available in extensive colours & texture prints.

Lamitdor doors are made of solid particle boards with side frame made of premium quality timber species that is completely seasoned and chemically treated. The PVC membrane is pressed on the Lamitdor door with the help of special water proof glue by using Vaccum Membrane Press. One side of the Lamitdor door is designed through CNC router machine. On demand we also provide both sides designs. No painting & polishing is require

As these are zero maintenance doors.
